

ARE YOU A WOMAN WHO SERVED IN THE MILITARY?

Oregon Women Veterans *(((Listening)))* Sessions with Liz Estabrooks

Thursday, Sept. 15 @ 5:00 p.m. | Springfield, OR, Springfield City Hall

Meet with Oregon Department of Veterans' Affairs Oregon Women Veterans Coordinator in your community for a listening session. What are your experiences in obtaining veteran services and benefits in your community, nearby medical center, and clinics? We want to know:

What's the good, the bad and the ugly?

Come prepared to discuss the ONE thing you would do to improve services and how ODVA's Women Veterans Coordinator can help women veterans access benefits, programs and resources?

Join the Listening Sessions

If you are interested in contributing your experience as a woman veteran in the Oregon community, please join ODVA at the next listening session in your area. The topic will focus on the quality and availability of women veterans' benefits, programs, and resources in Oregon. Your input helps shape policy and service options available to women veterans across the state and within your community.

If you cannot make the listening session but would like to share your story, call

Liz Estabrooks at 971-720-9116 or e-mail elizabeth.estabrooks@state.or.us.
